THAI UMBRELLA PAINTING

Thai umbrella is a handicraft which was originally made in the northern part of Thailand. The paper used in umbrellas calls "Sa" paper, made from the bark of the mulberry trees which offer a lovely fiber texture for the paper umbrellas. In this activity, Kids will enjoy their brush strokes using watercolors to paint their own design and end up with their unique souvenir from Thailand to take home.

CREATIVE TIE DYE

Tie dye is a technique for dyeing natural fabrics that results in interesting, colorful patterns. The technique involves crumpling, pleating or folding the fabric into various patterns, then tying it with string. Kids and teens will enjoy their own craft in different cloths such as t-shirt, napkin, sarong, etc. and get a great souvenir to take home.
